## Mini Print Internacional Reus Fortuny 2024

Hem aconseguit tirar endavant aquesta primera edició del concurs de gravats en petit format. N'em rebut 186. Estem molt contents!

### Propòsit:

La nostra Associació ARS, cultura i tècnica, tal i com suggereix el nostre nom, tenim com propòsit i objectiu promoure l'activitat artística així com inter relacionar els mons de la cultura i la tècnica.

Per promoure la convocatòria del concurs, es a dir per a donar a saber al món de la seva existència, ens hem servit de les modernes eines informàtiques i de comunicació (web, posicionaments SEO i xarxes socials) que ens permet l'actualitat.

El nostre projecte d'accions com entitat cultural està definit en la doble direcció d'aportar el nostre esforç per donar divulgació a les tècniques tradicionals (en aquest cas del gravat) i a la vegada també col·laborar a la divulgació de les noves opcions (tècniques d'estampació digitals), recolzades per les accions tecnològiques.

### Motivació del concurs:

Com artista, també gravador i amb el suport dels altres membres de l'associació ARS, he tingut especial interès en convocar de forma anual aquest concurs, per tal de donar recolzament i difusió al gravat com a tècnica artística i també al món de les edicions digitals.

Coincidint enguany amb la celebració dels 150 anys de la mort de Marià Fortuny Marsal (Reus 1838-Roma 1874), i que tant ell com el seu fill Mariano Fortuny Madrasto varen ser excel·lents gravadors, hem anomenat la convocatòria Mini Print Reus Fortuny en homenatge a ells, com ha prohoms d'origen reusenc.

Finalment agrair el seu esforç a les nombroses persones que ens han ajudat a tirar endavant el concurs, especialment al Centre d'Amics de Reus (comunicació y sala d'exposicions) i a Mail Boxes ETC (suport i logística).

Lluís Llop, president Associació ARS

## Mini Print Internacional Reus Fortuny 2024

We managed to go ahead with this first edition of the small format engraving competition. I received 186. We are very happy!

### Purpose:

Our Association ARS, culture and technology, as our name suggests, we have as purpose and objective to promote artistic activity as well as interrelate the worlds of culture and technology.

To promote the call for the competition, that is to say to let the world know of its existence, we have used the modern IT and communication tools (web, SEO positioning and social networks) that today allows us. Our action project as a cultural entity is defined in the double direction of contributing our effort to popularize traditional techniques (in this case engraving) and at the same time also collaborate in the popularization of new options ( digital printing techniques), supported by technological actions.

### Competition motivation:

As an artist, also an engraver and with the support of the other members of the ARS association, I have had a special interest in convening this competition annually, in order to support and spread engraving as an artistic technique and also in the world of publishing digital

Coinciding this year with the celebration of the 150th anniversary of the death of Marià Fortuny Marsal (Reus 1838-Rome 1874), and that both he and his son Mariano Fortuny Madrasto were excellent engravers, we have called the call Mini Print Reus Fortuny in tribute to them, as has prohoms of Reusense origin.

Finally, I would like to thank the many people who have helped us carry out the competition, especially the Center d'Amics de Reus (communication and exhibition hall) and Mail Boxes ETC (support and logistics) for their efforts.

Lluís Llop, president ARS Association

# Jurat del concurs / Contest jury

Dijous dia 12 de setembre es va constituir el jurat del concurs, format per tres experts en el món del gravat i edició d'estampa.

El Senyors:

- Marc Ferran, director del museu de Reus i especialista i cuidador dels gravats de Marià Fortuny Marsal a dit museu.
- Antoni Alcasser, professor i cap del taller de gravat a l'Escola d'Art de la Diputació a Tarragona.
- Pere Folch, professor i cap del taller de gravat a l'Escola d'Art de la Diputació a Reus.

On Thursday 12 September the jury of the competition was formed, made up of three experts in the world of engraving and print publishing.

The Gentlemen:

- Marc Ferran, director of the Reus museum, specialist and caretaker of the engravings of Mariano Fortuny Marsal in said museum.
- Antoni Alcasser, professor and head of the engraving workshop at the Art School of the Provincial Council in Tarragona.
- Pere Folch, professor and head of the engraving workshop at the Art School of the Provincial Council in Reus.
